I attach a file showing a subset of the consultation responses. This file gives the responses for individuals that have indicated that they are OK for their response to be published, though we have removed any

identifiers from the file. We are working on a second file in respect of individuals who have said they do not want their response published, and into that we will add individuals who have not indicated either way. ONS is providing this file to you on the basis that it will be used to assist with the development of a government response to any of the options that were set out in the consultation document. The information within it should neither be shared beyond your team nor published. I hope this is OK. Please contact me if you have any questions about the file.

Thanks
Derek
