Points4life Limited	DoH	CG - S.1311	Jul-09	NHS Manchester and Manchester City Council have joined forces in a Joint Venture to form points4life ltd.
Commonwealth Local Government Forum (CLGF)		NPISH S.15	Aug-94	The Commonwealth Local Government Forum was registered as a company in 1994. Although many of the members of its governing body are from overseas, and it receives much of its funding from overseas organisations, it is a UK resident body for National Accounts purposes, and not part of the UK public sector.
Forth Estuary Transport Authority	SG	CG - S.1311	Feb-08	The Forth Estuary Transport Authority (FETA) was formed in April 2002 as the successor body to the Forth Road Bridge Joint Board. From 2002-2008 it should have been classified as a Public Corporation as its income was mainly derived from road tolls, defined as sales under ESA 95. The Scottish Government abolished road tolls in February 2008, replacing its income with grant-in-aid. This meant FETA was a non-market entity from February 2008, and results in classification to the Central Government sector.
Civil Service Commission	CO	CG - S.1311	Nov-10	The Civil Service Commission is a new Executive NDPB, established under the Constitutional Reform and Governance Act 2010. The body formally came into existence on 11 November 2010.

EAA Covered Bond Bank Plc		OMFIs S.122		

Reclassifications

Entity	Sponsoring Body	From	To	Date	Information
Humber Bridge Board		LG	PC	Apr-98	Eurostat issued clear guidance in April 2008 on the treatment of road tolls. They stated that, under certain conditions, they should be treated as sales income, meaning bodies like the Humber Bridge Board that are funded mainly by road tolls should be treated as market bodies. Consequently the Humber Bridge Board is reclassified as a Public Corporation from April 1998 and the implementation of ESA 95 in UK National Accounts.
Tay Road Bridge Joint Board		PC	CG	Feb-08	The Tay Road Bridge Joint Board (TRBJB) was a predominantly toll funded body, however (as stated above in relation to the Forth Estuary Transport Authority) the Scottish Government abolished road tolls in Scotland in February 2008, replacing its income with grant-in-aid. This meant the TRBJB was a non-market entity from February 2008, resulting in its reclassification to the Central Government sector.

Forth Road Bridge Joint Board		LG	Apr-02	The Forth Road Bridge Joint Board was dissolved by the Forth Estuary Transport Authority Order 2002 on 1 April 2002 and replaced by a new body, the Forth Estuary Transport Authority. As it should have been classified as a market body, an entry will be created in the Former Public Corporations tab for this entity.
Tunnels - Municipally owned		LG		These three "en bloc" entries in the Sector Classification Guide are misleading and are being deleted. Eurostat has decided that road tolls should be classified as sales, meaning local authority controlled companies operating toll bridges or tunnels, where toll income covers a majority of their costs of production should be classified as market bodies, and therefore as public corporations. These entries are therefore being deleted.
