## **UKSA Assessment of Recorded Crime in Scotland**

### *Technical Report*

Please find attached a copy of the Technical Report entitled "Recorded Crime: Comparability of Police Scotland and Legacy Force Data".

You will see that in this version of the Technical Report, there are a few sections of text which are highlighted in yellow. These identify those sections where relevant links to the User Guide and to the forthcoming Recorded Crime in Scotland bulletin are to be provided, and where confirmation of a number is required from Police Scotland.

**Please also note the 'Official Sensitive' marking on this document.**

### *Statistical bulletin*

Later to-day, I shall also send you, under pre-release access and under separate cover, a draft section of the Recorded Crime in Scotland, 2013-14 bulletin, for you to consider the type of commentary and graphs/charts which we have been developing, taking account of best practice guidance as well as experience from across the SG.

I would wish to inform you that the bulletin is our priority for comments as this needs to be with our publishers in advance of the other related documents which we are further developing and finalising. As we have stated previously, we also intend to consult on the bulletin after publication to assess where users would like further development.

I look forward to receiving your comments on the Technical Report by Wednesday 12 November, if possible, please.

Please let me know if you have any queries.

Kind regards,
