Subject : [\[OFFICIAL SENSITIVE\] - Assessment team comments - extract from statistical bulletin](#)

Please find attached our comments on the extract from the statistical bulletin and the Technical Report that you asked us to review, I hope you find these useful. We note some positive developments and also areas for further improvement.

We have structured our comments in response to the Requirements in the Assessment Report, this builds on our previous response to your draft User Guide. I understand that you have also asked the NSO for feedback so we have kept the points on commentary and the Technical report quite concise to avoid an overload of information.

The team is very stretched at the moment but we are hoping to get a response to you about the 'SCJS chapter' in due course. I won't be available next week but if you do have any queries about our comments please do get in contact with [REDACTED]

Best wishes,

[REDACTED]
