[REDACTED],

I tried to call you but have been put through to a recording loop where I can't leave a message. I understand that you could be busy today with the SCJS release. When you have time it would be good to speak so that we can set up a meeting for next week to commence the Scottish Crime Statistics re-assessment.

I will in the office today until 5pm and then back in on Monday. If I'm not available you can contact [REDACTED] who will also be working on this assessment.

Hope to speak soon,

Best wishes,

[REDACTED].
